7th Grade Haymeadow Final Movie Project

Task: Your task will be to take an event from the novel (one of the scary, unfortunate, etc events from John's time in the haymeadow) and create a silent film to depict the entire event. You will find objects (lego dudes, toy animals, etc) to be used in the film.

Example, if you're doing the event with the rattlesnake, you'll need John, Peg, Billy, Pete, Jenny (or maybe just one or two dogs, to make it easier), a few sheep (not all 6000, obviously; maybe one adult and one lamb), and a rattlesnake.

Eventually, you will use your ceramics to write a short script and create a silent film to accompany your objects.

You will work with one other person on this project.
